SAFETY OF ATTENDANCE-2017-2018

9-10-2018

CIRCULAR

Stella Mary's College of Engineering has instated Energy Awareness Club. The 'Stella Mary's EnSAV Club' under GREEN (Energy efficiency Research group) on 8/10/2018. The instatement of the club was initiated by Department of Electrical and Electronics Engineering and was supported by the Department of Mechanical Engineering. Dr. I. Ramesh, Founder and Chairman, Green9, presided over the function and presented the certificate of our college's membership. He also detailed about the motive of this club and contributions expected from students made in the accomplishment of this mission. He also detailed about the benefits of being a member of this club and motivated the students to be active members in carrying out the 'Energy Saving Awareness' mission in the neighborhood first, which in turn would become an awareness to the entire district. Dr. Balamurugan, Assistant Executive Engineer, TNED, Chennai, gave a talk on the "Importance of Energy Conservation" and explained how a preliminary audit campaign could be initiated and performed in houses in an area. Students of Civil Engineering also can part of Energy Club. Interested students are asked to contact Dr. I. Jothi Vignesh, AP/EEI on or before 10-10-2018.

GREEN-ErSA Club

ErSA (Energy Saving Awareness) Club is an awareness club whose primary focus is on bringing about a personal understanding of the energy crisis and scarcity of natural resources in the country. With the increasing demand for energy, GREEN started Energy Saving Awareness Club (ErSA) Club acknowledges the potential of the Professional Students, who can take initiatives towards this urgent call, and spread the effective message on the efficient usage of energy and educate the society on its drastic effects on the atmosphere and environment in the future.

ErSA (Energy Saving Awareness) Club was launched, with a motive to engage students to take their initiatives in Energy Conservation. The students, parent and teachers are also being motivated towards solving energy conservation related issues today. The long term vision of the program is to enable a student to take necessary steps in his/her individual capability to be better and responsible citizens of the world showing concern towards solving problems pertaining to energy conservation, resource scarcity, and the effects of CO₂ emissions.

OBJECTIVE

- To provide awareness on the importance of renewable energy usage in the present environment through public awareness talk
- To initiate saving of energy through execution of live energy audit with industry, residential house, commercial buildings, institutions etc.
- To promote the motto "one unit saved is equal to two unit generated"
- To conduct energy related survey for effective management
- To publicize the concluded project outcome in indexed journals

Procedure to Progress the Concept ErSA Club

The club should operate under two categories of members:

1. Category II - Hard Core Members (8Max)
2. Category I - Light Core Members (100Max)

Hard core members will start progress on live energy audit analysis and the recommendation outcome with publication in scrapbook, indexed publications and the final report in Green's library. The hard and soft core members will take part in energy awareness program to promote renewable energy and save energy initiative.

Page 1 of 2

Team EnSAV fully drafted nine point ideas in the year 2016 to save one unit per day in residential houses. This idea was implemented for category of puthadar 50 customers and obtain good result for 40 houses where the consumption per month is more than 500 units. The team also has received various suggestions to upgrade the 9 point idea. The Version 1.0 of the save one unit per day poster was released by the Chairman of The Institution of Engineers (India) on September 15th, 2017 at the INSC Office during the Engineers day celebration.

STELLA MARY'S GREEN9-EnSAV CLUB

The STELLA MARY'S GREEN9-EnSAV CLUB was initiated on 8th September 2018. Dr. Ramesh Professor and Addl. Dean - Engg. and Technology, Director MGR Vision OSMW and SUPERCEN, Joint Secretary, - IL India IDC and Fr. BALAMURUGAN, Assistant Executive Engineer, Tamil Nadu Electricity Board, Chennai, India presided over the inaugural function.

1. The first set of 50 students have completed the first stage of energy audit and have submitted the registration forms. Also 40 of them have undergone the second stage and have submitted their recommendation for ENCON (ENERGY CONSERVATION) and 15 of them have uploaded the documentations in the GREEN9 app.
2. The second set of 50 students have completed the first stage of energy audit and have submitted the registration forms. Also they would submit their recommendation for ENCON (ENERGY CONSERVATION) within 15th of March.
