

Vision

To produce computer science professionals who can accomplish path breaking solutions for a better society, through quality technical education on gaining their required interpersonal, entrepreneurial and computing skills.

Mission

- To impart a holistic and experiential learning experience by making use of innovative teaching methodologies.
- To provide optimal technology solutions through collaborative and lifelong learning for industry and societal needs with universal ethical values.
- To nurture leadership skills and facilitate various co-curricular and extra-curricular activities to implant the spirit of entrepreneurship.
- To provide industry-institute-interaction opportunities in order to motivate inter disciplinary research capabilities with an inquiring mind.

PROGRAMME EDUCATION OBJECTIVES (PEOs)

PEO1: Graduates will be competent in creating innovative technologies through inter-disciplinary research and comprehensive skills set that are suitable for the global computing industry.

PEO2: Graduates will be capable of managing leading positions with a broad understanding of the applications of the ethics in evolving computer-based solutions for the social needs.

PEO3: Graduates will imbibe entrepreneurial qualities and develop their career by upgrading their communication analytical and professional skills constantly.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Hands on Training

Third year students attended one day Hands on Training in Web Development presented by Ms.R.Remya, Elysium Technology on 17th July 2018.

Second year and third year students attended one day Hands on Training on "Training on Command Execution Generation Script of MYSQL" presented by Mrs.Aldo Tenis, Assistant Professor, Stella Mary's College of Engineering on 13th August 2018.

Guest Lecture

Second year and third year students attended one day Guest Lecture on "Brief History of Java and Overview of Language" presented by Mr. Ravi Kumar, Software Developer, Shan Technology, Trivandrum on 10th October 2018.

Workshops attended by Students

Students attended one day workshop on "How to Design a Framework of Software Engineering Process" by Mr. C. Bastin Rogers, Assistant Professor, Stella Mary's College of Engineering on 12th September 2018.

Students attended one day workshop on "Python Practice Programming" by Mrs. Fathima Sherine Shifna, Assistant Professor, Stella Mary's College of Engineering on 18th September 2018.

FDP on HADOOP

Faculty members have attended five days Faculty Development Programme on "HADOOP-Horton Works" organized by Stella Mary's College of Engineering association with ICT Academy

Paper Presented on Symposium

- B.Aishwarya, Third year student presented a paper entitled "A Smart Home Energy Management System Using Big Data Analytics" on National Level Technical Symposium in Rajas International Institute of Technology on 28th September 2018.
- B.Aishwarya, Third year student presented a Paper Presentation on 5G Wireless Technology, National Level Technical Symposium held at Rajas International Institute of Technology on 5th October 2018.

Students Achievements

- B.Aishwarya of third Year has participated and secured first prize in Code Debugging, National Level Technical Symposium held at Rajas College of Engineering on 5th October 2018.
