VISION

To produce computer science professionals who can accomplish path breaking solutions for a better society, through quality technical education on gaining their required interpersonal, entrepreneurial and computing skills.

MISSION

• To impart a holistic and experiential learning experience by making use of innovative teaching methodologies.
• To provide optimal technology solutions through collaborative and lifelong learning for industry and societal needs with universal ethical values.
• To nurture leadership skills and facilitate various co-curricular and extra- curricular activities to implant the spirit of entrepreneurship.
• To provide industry-institute-interaction opportunities in order to motivate inter disciplinary research capabilities with an inquiring mind.

PROGRAMME EDUCATION OBJECTIVES (PEOs)

PEO1: Graduates will be competent in creating innovative technologies through inter-disciplinary research and comprehensive skills set that are suitable for the global computing industry.
PEO2: Graduates will be capable of managing leading positions with a broad understanding of the applications of the ethics in evolving computer-based solutions for the social needs.
PEO3: Graduates will imbibe entrepreneurial qualities and develop their career by upgrading their communication analytical and professional skills constantly.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

FDP attended by Staffs

Mrs.A.Ann Romalt of our department attended five days FDP on "Big Data Analysis" in St.Xavier's Catholic College of Engineering on 19-11-2020 to 23-11-2020.

Dr.A.Selva Reegan has attended 12 weeks FDP on "Computer Networks" organized by NPTEL in association with AICTE from 9-11-2019 onwards.

Dr.A.Selva Reegan has attended 12 weeks FDP on "Demystifying Networking" organized by NPTEL in association with AICTE from July to August 2019.

Hands on Training

Second year and third year students have attended "Hands on Training on Hadoop" presented by Mr.Hari Prasad, ICT Academy on 8th July 2019.

Second year and third year students have attended Hands on Training on "MATLAB and SIMULINK" presented by Mr.B.Ezhilavan, VEI Technologies on 6th September 2019.

Technical Talk

Second year and third year students have attended Technical Talk Program on Cyber Security presented by Mr.N.R.Wilfred Blessing, University of Technology and Applied Science, Oman on 8th June 2019.

Paper Presented on Symposium

M.Jayindra, K.Lakshmi Prabha of second year have participated and presented a paper as a part of KRYPTOZ in Mar Ephraem College of Engineering on 8th August 2019.

Minisha P.M of final year presented a paper entitled "Sentimental Analysis of Twitter Data" in Bethlehem College of Engineering on 9th August 2019.

K.Lakshmi Prabha of second year has participated and presented a paper in Bethlehem College Of Engineering on 9th August 2019.

Minisha P.M of final year presented a paper entitled "Sentimental Analysis of Twitter Data " in Loyala Institute of Technology on 31st August 2019.

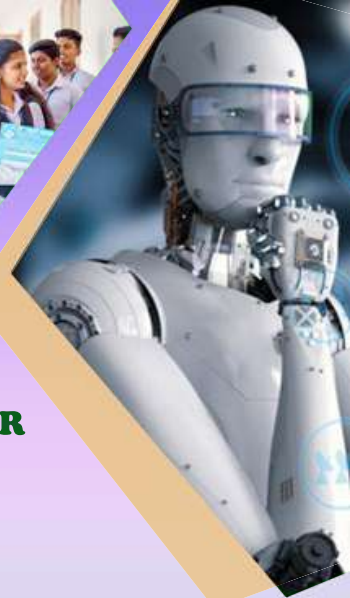

Ashik Christo Mourin.M of third year presented a paper entitled "Integration of Cloud Computing with Internet of Things" and won second prize in Loyala Institute of Technology on 31st August 2019.
